

**Georgia Destinations Career Academy of Georgia (GADCA)
Health Screening and Immunization Policy**

Adopted On: 10/25/2022 Last Reviewed On: 10/25/2022

Last Updated On: 10/25/2022

The Board of GADCA adopts the following policy, effective on the date of adoption by the Board.

(1) Health Screening and Immunization Policy.

- a. The Head of School or designee shall develop procedures to address immunization requirements and vision, hearing, dental and nutrition screening requirements for all students as required by state law. Such procedures shall ensure that parents are provided with notification of such requirements prior to enrollment in the school.

- b. The health screening and immunization notification and procedures can be found at <https://gadca.k12.com/about-our-school/school-policies-handbooks-and-manuals.html>

DPH Rule Sections 511-2-2, 511-5-6, and 511-5-8

Health Screening Considerations Notice to Parents

(1) Purpose.

- a. The Governing Board intends to promote the health of students within the school and the community at Destinations Career Academy of Georgia (GADCA) by providing notice of health screening requirements and considerations:
 - i. Georgia's Immunization Requirements and School Attendance
 - ii. Vision Screening
 - iii. Hearing Screening
 - iv. Dental Screening
 - v. Scoliosis Screening

(2) Georgia's Immunization Requirements and School Attendance.

- a. All students must comply with the requirements of the Georgia State Immunization Code.
- b. Certificate of Immunization (Form 3231)
 1. Medical exemption: In this case, Form 3231 has an expiration date no more than 12 months from date of issue. There must be an annual review of the medical exemption, and the certificate must be reissued with or without indication of the medical exemption.
 2. Religious exemption: For a child to be exempt from immunization on religious grounds the parent or guardian must furnish the school with a notarized statement, and it must meet the Following criteria:
 - a. state that their religious beliefs conflict with immunization requirements; (B) the statement must be signed and dated by the parent/guardian; (C) the statement must be notarized, dated, and signed by a Notary Public; (D) the statement should be submitted to the school in lieu of an immunization certificate (form 3231); (E) the statement does not expire.
 3. Waiver of 30 calendar days granted to new entrants by the superintendent or designee.
 4. Waiver of 90 calendar days may be granted by the superintendent or designee to students entering Georgia public schools from out of state, if documentation is on file from the county health department or a medical doctor stating that an immunization sequence has been started and can be completed within the 90-day waiver period.
 5. Immunizations are required for diphtheria, pertussis, tetanus, hepatitis B, polio, measles, mumps, rubella, and varicella (chicken pox). Protection against each of these diseases must be addressed on the form 3231. The form can be computer generated, and if the child attends more than one school, an original or a photocopy of the form must be submitted to the second school.

(3) Sixth Grade Immunization Requirements.

- a. All currently enrolled children entering sixth grade on or after July 1, 2015, must meet the following requirements:
 - i. Two doses of Measles vaccine, two doses of Mumps vaccine, one dose of Rubella vaccine, or laboratory proof of immunity against each of these three diseases.
 - ii. Two doses of Varicella (chicken pox) vaccine or documentation of disease or laboratory proof of immunity. At the time your child entered school, only one dose of this vaccine was required.

(4) Seventh and Eighth Grade Immunization Requirements

- a. Effective July 1, 2015, all children born on or after January 1, 2002, who are attending seventh grade and children who are new entrants into a Georgia school in grades eight through twelve:
 - i. One dose of Tdap vaccine
 - ii. One dose of meningococcal conjugate vaccine
- b. Additional information about Georgia's immunization program or the immunization requirements for school entry and attendance can be found by clicking on the links below to the Georgia Department of Public Health Resources:
 - i. <https://dph.georgia.gov/sites/dph.georgia.gov/files/Immunization%20Requirements%20for%20Georgia%20Child%20Care%20and%20School%20Attendance.pdf>
 - ii. <https://dph.georgia.gov/immunizations>

(5) Certificate of Eye, Ear, Dental Exam (Form 3300)

- a. A student, regardless of grade level, who has never been in a Georgia public school must provide certification of eye, ear, and dental examinations on the Georgia Department of Human Resources Form 3300. Any child admitted to school without a certificate must present one within 60 calendar days. Forms may be obtained from departments or physician.

(6) Scoliosis Screening

- a. In Georgia, Scoliosis screenings are required in at least two grades sixth, seventh or eighth. Scoliosis is a physical condition characterized by a lateral deviation of the spine away from the midline of the body. It is known that two children out of every 100 may have Scoliosis. If this condition is detected early and appropriately treated, progressive spine irregularity can usually be prevented. The procedure for screening is a simple test in which the child's back is examined in the standing position and while bending forward.

Notes:
A licensed Georgia physician, **Advanced Practice Registered Nurse, Physician Assistant,** qualified employee of a local Board of Health or the State Immunization Office is responsible for the content of this certificate. All dates must include month, day and year. In cases of natural immunity or Medical Exemption, the 4 digit year of infection, test or exemption must be filled in the appropriate box(es).
The certificate is **NOT** valid without name and birthdate of the child, date of expiration OR "X" in Complete for School Attendance box, legible name and address of the physician, **Advanced Practice Registered Nurse, Physician Assistant or health department,** certified by signature and a date of issue.
A school or facility official is responsible for keeping a current valid certificate on file for each child in attendance. A certificate must be replaced within 30 days after expiration. When a child leaves or transfers to another facility, the Certificate of Immunization should be given to a parent/guardian or sent to the new facility.

DPH Form 3300 Rev. 2013

**Georgia Department of Public Health Form 3300
Certificate of Vision, Hearing, Dental, and Nutrition Screening**

Who is required to file this Form 3300? The parent or guardian of a child who is being admitted for the first time to a public school in Georgia must file a completed Form 3300 with the school when the child is enrolled.

What is the purpose of Form 3300? Form 3300 is intended to make sure that every child in Georgia is screened for possible problems with their vision, hearing, teeth and nutrition. The earlier these problems are detected, the earlier parents can seek professional help for the child.

What screenings are required? Four different screenings are required: vision, hearing, dental, and nutrition. All four screenings must be conducted and reported on the form before it can be filed with the school.

Who can conduct the screenings? Your child's doctor is authorized to conduct all four screenings, as is your local health department. In addition, the vision screening can be conducted by a Georgia licensed optometrist, an employee of Prevent Blindness Georgia trained to conduct vision screening, or a school registered nurse; the hearing screening can be conducted by a Georgia licensed speech-language pathologist or audiologist, or a school registered nurse; the dental screening can be conducted by a Georgia licensed dentist, dental hygienist, or a school registered nurse; and the nutrition screening can be conducted by a Georgia licensed dietician or a school registered nurse. It is not necessary that the same person conduct all four screenings.

What does "BMI" and "BMI%" mean? "BMI" means "body mass index." BMI is a way to describe how much a child weighs in relation to height. "BMI percentile" is a way to compare the child's body mass index to the body mass index of a healthy child. If the child's BMI is less than 5% or more than 84% of what is appropriate for his or her age and height, then the child should be taken to a doctor or dietician for a more detailed evaluation. For more information, visit the Centers for Disease Control and Prevention website on child and teen BMI at:
http://www.cdc.gov/healthyweight/assessing/bmi/childrens_bmi/about_childrens_bmi.html

What should a parent do if the "needs further evaluation" box is checked? "Needs further evaluation" means that the child may have a problem. If the "needs further evaluation" box is checked, then the parent should take the child to a professional for a more detailed evaluation. Your doctor or local health department may be able to help, or recommend someone who can help.

What if a Form 3300 was previously filed for the child at another school? It is only necessary to file the Form 3300 once. If the Form 3300 is filed at the child's first school, and the child later transfers to another school, then the original school is required to forward the Form 3300 to the new school.
