

Academic Results/Performance

Georgia Milestones

The Georgia Milestones Assessment System measures student learning in grades 3-12 across key subjects like English Language Arts, Math, Science, and Social Studies. Designed to assess critical thinking and problem-solving skills, the Milestones provide insights into academic performance and readiness for college and careers, helping educators tailor instruction to meet diverse student needs.

College and Career Ready Performance Index (CCRPI)

Under the Every Student Succeeds Act (ESSA), every U.S. state is required to establish a statewide accountability system to evaluate school performance. In Georgia, the College and Career Readiness Performance Index (CCRPI) functions as a comprehensive tool for school improvement, accountability, and communication, designed to enhance college and career readiness for all public school students. The CCRPI score is influenced by several key factors, including: Content Mastery

- Progress
- Closing Gaps
- Readiness
- Graduation Rate

School & District Report Card

The Governor's Office of Student Achievement publishes school reports for all public elementary, middle, and high schools in Georgia. These reports feature A-F letter grades that reflect school performance, along with valuable information about each school, including results from statewide assessments, demographics of the student body, graduation rates, and other academic data.

NWEA MAP GROWTH BOY 2024

This fall marks GADCA's first administration of NWEA time testing. This initiative aims to assess student progress and readiness, providing valuable insights to enhance learning and support targeted instruction. We're excited to implement this new assessment and look forward to using the results to foster academic growth!

RIT Scores

MAP Growth uses the RIT (Rasch Unit) scale to measure and compare student academic achievement and growth, specifically measuring levels in academic difficulty. The RIT scale extends equally across all grades, making it possible to compare a student's score at various points throughout their education.

| RIT Scores from Fall MAP Testing | 6th | 7 th | 8 th | 9 th | 10 th |
|----------------------------------|-----|-----------------|-----------------|-----------------|------------------|
| English/language Art | 208 | 215 | 218 | 220 | 223 |
| Math | 212 | 221 | 224 | 227 | 238 |

Attendance

Absenteeism

Missing over five days of school each year, for any reason, affects student academic performance. Absenteeism is defined as missing 10% or more of school days, regardless of whether the absences are excused or unexcused.

| | 0-5 Days | 6-15 Days | 15+Days |
|----------|-------------|-----------|---------|
| SY 22-23 | % 67.7 | % 17.2 | % 15.1 |
| SY 23-24 | Coming Soon | | |
